artwork setup guidelines

This is a general artwork set up guide for our products.

Artwork File Type

Please send all artwork in high resolution PDF format with
a minimum of 72dpi at final output size.

Please Ensure that:

_ You have supplied the artwork either at a scale of the final output size
   (1/4 is fine) or to the actual final output size.

_ Any images within your artwork are at 72dpi at final output size.

_ All fonts have been embedded or outlined.

_ You have added a 4mm bleed to your artwork with crop marks at final output size.

Sending your files

If your artwork file is up to 10MB in size you can email it to us:
info@dimension8.com

For larger files please upload them to our iDisk here:
https://public.me.com/ottimo
(Please contact us for the password.)
